

INSTALLATION OF PAINTED CUSTOM ADJUSTABLE STAIRS

BEFORE

AFTER

BEFORE

AFTER

Over 40 years of quality and innovation in manufactured stairways and associated products.

The stairs we build are low-maintenance and designed to make installation as easy as possible. Hewitt products are built like no other, using stronger materials and smarter design features to give you greater value. Robotic welders ensure consistent, high-quality welds throughout the supporting structure, and our accessories are made with the same commitment to quality.

Located in Nicollet, MN, Hewitt's 350,000 sq. ft. manufacturing facility annually employs 75 full-time and seasonal workers. Hewitt products are sold through a dealer network that covers the United States and extends into Canada, Belgium, Holland, Chile and Mexico.

Hewitt Staircases

A Step Above the Rest

ALL-TERRAIN STAIRCASE SYSTEM™

Hewitt All-Terrain Staircase is the perfect solution for areas where construction of a permanent staircase would be too difficult or costly. The system's unique design allows it to be adjusted to almost any terrain or slope, and we can customize steps or platforms to any specific length. Railings are standard. Landings and platforms can be added as needed. No permanent footings required – simply use the optional landing pads, or pound the support poles directly into the ground. There is no faster or easier way to add the convenience and safety of a durable stairway to your property.

The stair treads and landings are available in two durable decking options. Corrosion-resistant powder coated all-aluminum with a baked-on finish provides sure footing even when wet. Lightweight maintenance-free reinforced polypropylene finished thruflow allows water and debris to fall through your dock surface. All components are ruggedly constructed, yet low in weight for easy handling and assembly.

Does not disturb the ground when installing in soft ground.

STANDARD 5- OR 8-STEP SECTIONS
5-step sections adjust from 3' to 4-1/2' in height.
8-step sections adjust from 5' to 7-1/2' in height.

Bullnose Step

THRU-FLOW DECKING

Thru-Flow decking is designed for easy assembly with strong, durable and lightweight construction. Maintenance-free, reinforced polypropylene finish. Allows water and debris to fall through your staircase surface. Powder-coat the sides and ends of your staircase with the color of your choice for a custom look.

Shown with beige aluminum steps and oil-rubbed bronze painted side and hand railings.

CUSTOM ADJUSTABLE STAIRS

Looking for something unique? Hewitt Custom Adjustable Stairs are completely custom with lots of options. Choose from 15 colors and either aluminum or ThruFlow step tread.

Optional Solid-Sided Non-Adjusting Steps

PAINT COLOR & DECKING OPTIONS

THRU-FLOW DECKING

Maintenance-free, reinforced polypropylene finish allows water and debris to fall through your staircase surface.

Step tread is 12" deep. Standard width is 36", custom width available up to 60".

ThruFlow Bullnose Step

POWDER COATED ALL-ALUMINUM

Extruded aluminum decking that offers superior strength, low weight and corrosion resistance. Incorporates sound deadening material and a baked-on beige or white finish for a durable non-skid surface.

Aluminum Bullnose Step

Step tread is 9.6" deep. Standard width is 36", custom width available up to 72".

CUSTOM COLORS FOR YOUR STAIRCASE

Personalize your All-Terrain Staircase and choose from 13 custom powder-coated color options. Custom colors can be applied to the stair treads, siderails, and handrailings.

ADJUSTABLE DOCK-TO-STEP BRACKET
Attach an ascending or descending staircase to a dock, deck or seawall.

ADJUSTABLE CLASSIC DOCK STEP BRACKET
Attach an ascending or descending staircase to a classic dock.
